Saleh Khalid Aljabr

0502701010 | Salehaljebr@gmail.com | LinkedIn

Industrial engineering student with hands-on experience in operations coordination, partner outreach and AI-assisted product prototyping.

EDUCATION

Industrial Engineering | Prince Sattam bin Abdulaziz University
2024-Present | Expected Graduation: 2029

EXPERIENCE

Makhraj | Operations Intern | Oct 2026-Present

- Maintain Google Sheets trackers for workshops, meetings and tasks; coordinate participant information, external communication and follow-ups.

Al-Shoulla Club | Operations & Public Relations Coordinator | Jul 2026-Present | Remote

- Initiated outreach to companies to explore ticketing solutions; research suppliers and prepare price and proposal comparisons in Google Sheets.

Waslah | Partnerships Coordination

- Identify prospective partners based on team requirements and coordinate outreach about collaboration and joining the platform.

PROJECTS & ACHIEVEMENTS

Jaliyya | Product Development & Workflow Coordination

- Originated a breast health awareness concept and co-developed its business model, user interfaces and web prototype using AI-assisted tools.
- Coordinated team workflow, allocated tasks and tracked progress; the project attracted interest from organizations exploring incubation.

Tabby Journey | Quarter-finalist, Imagine 2026 by Tabby

- Surveyed users to identify pain points and translated findings into interface concepts for clearer payments, reminders and installment management.

MLEM | Team Lead, FinTech Hackathon

- Led a team developing a FinTech product concept to help turn everyday financial decisions into consistent investment habits.

Smart Modular Transformable Station | Engineering Project Coordination

- Coordinated team tasks and progress for a tabletop-to-shelving furniture prototype; presented the project with the team at the Industrial Engineering Department's Poster Day.

Azhelha | Project Creator & Prototype Developer | Oct 2026-Present

- Independently shaped the service comparison and booking flow and built an AI-assisted web prototype for automotive maintenance; under development.

University Energy League | Finalist, Team Tuwaiq 1
Team finalist at the 25th WPC Energy Congress.

LEADERSHIP & STUDENT ACTIVITIES

Tuwaiq Club | Quality & Resources Committee Lead | Sep-Oct 2026

Engineering Club | Public Relations Lead - Recognized with a certificate of appreciation.

Innovation & Entrepreneurship Club | Planning & Execution Committee Member
Contributed to planning and coordinating student events and initiatives.

Marketing Club | Project Management Specialist

TRAINING & CERTIFICATIONS

McKinsey.org Forward Program - Core Skills | Jun 2026

Kaplan International Languages | Liverpool, UK | 2025
English Language Programme - Higher Intermediate | 120 hours

Python 101 | Satr, Tuwaiq Academy - Introductory course

SKILLS & LANGUAGES

Tools: Excel, Google Sheets, AI-assisted prototyping
Professional: Workflow coordination, stakeholder communication, supplier research, proposal comparison, user surveys, cross-cultural communication
Languages: Arabic - Native | English - Upper-intermediate
